

Design a Rakhi Bracelet

A rakhi bracelet is used in a Hindu celebration called Rakhi. It is given to a brother from their sister, as a sign of their love for one another. The brother promises to look after his sister and protect her.

Rakhis are also given to friends, mothers, fathers and daughters.

Design your own rakhi bracelet for someone you care about. In the large jewel, write a word to describe how you feel about that person.

I would give a rakhi bracelet to _____ because _____.
